

# Pest Notification Form

California School for the Blind  
2021 - 2022 School Year

I, \_\_\_\_\_, parent/guardian of \_\_\_\_\_  
(print parent's full name) (print student's full name)

understand the California School for the Blind will select the least-hazardous pest control practices. I have been notified of the pesticides the school plans to use during the school year and I have been given a website to research the pesticides used more thoroughly if I need to know more information regarding the pesticides used on the premises. Below is my notification preference of pesticide service applications.

- I decline the notification every time the school is scheduled to do a pest evaluation and treatment and/or weed abatement. I understand the pest inspection/application if necessary, will be every 1st and 3rd Friday of every month. If Friday is a holiday, the school will be inspected and possibly treated on the first business day proceeding the holiday after students vacate the premises to their home destination.

Please notify me every time the school is scheduled to do a:

- Pest evaluation and treatment on the scheduled 1st and 3rd Friday of every month per attached schedule.
- Weed abatement per provided schedule.
- I understand that there may be an emergency pest treatment necessary and I would like to be notified as soon as possible of such treatment.

Please notify me by:

Email address (preferred): \_\_\_\_\_

Or

Home Address: \_\_\_\_\_

Thank You.

Date: \_\_\_\_\_
